## Arrangements Are Made By Council For City Election

Preparations for a city election Tuesday, May 7, were made by the Pahokee City Council in regular session Monday night. A city clerk will be elected to serve for the one remaining year of the two-year term left vacant last August by the death of City Clerk Dorothy Graham and two councilmen with two-year terms of office each will be elected. George Tucker, Jr., and Mrs. Blanche Armstrong are the councilmen whose terms of office are expiring at this time.

Named on the election board were Mrs. Vena Mae Schroeder, clerk; Mrs. Sadie Barwick, Mrs. Estelle Sanders, Mrs. Christine Elliott and Mrs. Eula Tillis, inspectors; Mrs. Mammie Mock, Mrs. Irene Hurt and Mrs. Edna Evelyn Stevens, alternates; J. B. Elliott, marshal; Albert Phillips and George Weaver, alternates. Friday, April 26, 5 p. m., is the deadline for candidates to qualify and unregistered voters to register for this election. The Council will hold a special meeting Friday, April 26, at 8 p. m. to prepare the official ballot.

A check for \$275.02 was received by the city from the Pahokee Marina Corp., rental on the breakwater facilities for the past month. Councilman George Tucker, Jr., was appointed to represent the Council in working with PMC in matters relating to the improvement or repair of Pahokee Harbor facilities. William Weathers, new president of PMC, reported the purchase of new rental boats at the harbor at a cost of \$1,400 and invited public inspection of these boats.

Mayor Dick Parrish presented at the meeting plans drawn up by the engineering firm of K. C. Mock and Associates for the proposed extension of the city waterworks intake (continued on page 8)

## Henderson Is New Principal At PHS

Brooks Henderson, who has served as assistant principal in charge of the elementary division at Pahokee Schools for the past three years, has been appointed by the County Board of Public Instruction as principal of Pahokee Schools to fill the vacancy left by the resignation of Clyde A. Canipe, effective July 1.

Henderson is a graduate of Morehead State College, Morehead, Ky., and received a master's degree from the University of Kentucky.

T-Sgt. James Barnes spent the weekend in Pahokee with relatives and was accompanied back to his home in Tampa by his wife and children who had spent the past week here visiting her parents, Mr. and Mrs. R. R. Henderson.

Mr. and Mrs. L. B. Wilson had as recent guests her brother, J. E. Shiver, her niece, Miss Maxie Hayes, and her nephew and niece, Mr. and Mrs. Douglas Womble and son, Butch, all of Colquitt, Ga.

## Billy Jernigan Is Marion Agent

"W. H. (Billy) Jernigan, former Canal Point resident and graduate of the College of Agriculture of the University of Florida, has been named assistant county agricultural agent in Marion county (Ocala) and will be in charge of Boys' Club work, it has been officially announced. Young Jernigan is the son of Mr. and Mrs. Will P. Jernigan of Clewiston.

At the recent dinner marking close of the U. S. Sugar Corp. season in Clewiston the elder Mr. Jernigan was cited by the Corporation for 35 years of continuous service with the concern. He received a specially made pin marking his 35 years of service. The Jernigans lived in Canal Point before moving to Clewiston.

### AT BPWC MEET

Members of the Pahokee Business and Professional Woman's Club who plan to attend the District 8 meeting and installation of officers at the Seabreeze Hotel, Palm Beach, Sunday, include Mrs. Ethel Johnson, Mrs. Alma Farrow, Mrs. Johnnie Verhulst, Mrs. Lucille Johnson, Mrs. Doris Sasser and Miss Julia Mathis.

## Funeral Services For Mrs. Unwin

Funeral services for Mrs. Luvilla Unwin, 52, of Pahokee were held at the First Baptist Church in Pahokee 10 a. m., Tuesday, April 23, with the Rev. James E. Boyd, pastor, officiating.

Mrs. Unwin died suddenly Saturday around 5:30 p. m. when stricken with a heart attack at her home on Barfield Highway. She had been a resident of Pahokee for 30 years, coming here from Duval County, Florida. She was a member of the Pahokee First Baptist Church.

Survivors include her husband, William Unwin, of Pahokee; two daughters, Mrs. Christine Hatfield, Pahokee, and Mrs. Edna McFadden, Jacksonville; mother, Mrs. Senia Crews, Jacksonville; four brothers, J. J. Crews, Pahokee, John Crews, Jacksonville, Dan Crews, Richmond, Va., and Lonnie Crews, U. S. Army, Germany; five sisters, Mrs. Nettie Pitts, Fort Mead, Mrs. Estelle Mobley and Mrs. Alice McElroy, Jacksonville, Mrs. Eppie Williams, New Berlin, Ga., and Mrs. Myrtle Mills, Myrtle Beach, S. C., and three granddaughters.

Active pallbearers were deacons of the Pahokee First Baptist Church. Honorary pallbearers included members of Everglades Lodge 211, F&AM.

Burial was at the Port Mayaca Cemetery. Wetherington's Funeral Home was in charge of arrangements.

Mr. and Mrs. J. L. Reeves plan to join her brother-in-law and sister, Mr. and Mrs. E. B. Newborne of Newport News, Va., at Everglades City for a visit this weekend.

Airman 2-c Wiley Howell visited his parents, Mr. and Mrs. A. J. Howell, in Canal Point the past week while being transferred from Biloxi, Miss., to Savannah, Ga., by the USAF.

## SEEKS ELECTION

MISS PATRICIA BATCHELOR

## Miss Batchelor Seeks Re-Election

Patricia (Patsy) Batchelor, city clerk of Pahokee, by appointment since last August, is asking the voters of Pahokee to elect her to the one year unexpired term of the late Mrs. Dorothy Graham. Mrs. Graham was elected to a two year term in the May election last year but passed away in August and it was at that time that the City Council named Miss Batchelor, who was employed in the clerk's office at that time, to serve as city clerk until another regular election.

Miss Batchelor went to work for the City in August, 1952, when she was appointed payroll clerk and cashier in the Clerk's office. Three months later she was advanced to bookkeeper for the City of Pahokee and the City Water Works. It was in this capacity that she was serving when appointed City Clerk by the Council last August.

Miss Batchelor is the daughter of Mr. and Mrs. Chester A. Batchelor of Pahokee. She is a graduate of Pahokee High School.

## Evangelist Talks To Pahokee Lions

Pahokee Lions at their Tuesday luncheon meeting selected by secret ballot the club's outstanding Lion of the year whose name will be revealed when the annual "Lion of the Year" award is made at the May 7th luncheon.

A fund-raising project was started at the meeting when each member was allotted 15 ball point pens to sell, proceeds to go into the club's sight conservation fund.

Guest speaker was Evangelist J. E. Ledbetter of Lenoir, Tenn., who is conducting a revival at the First Baptist Church. Ray McGhee of Tampa, who is serving as song leader at the revival, sang a solo. Introductions were made by the Rev. James E. Boyd. D. B. Mathis was in charge of program arrangements.

### COLLEGE STUDENTS VISIT

Among college students who spent Easter with relatives here were Sandra Long, Lewis Collins, Annette McIntosh, Jeannine Mock, Alden Chase, Chuck Elliott, Bobby White, Charles Laisrey, Carol Ann Mullis and Philip Allen Dunlavy.

## Survey Shows Glades Area Has Year-Round Work

Claude Shirley, chairman of the Glades Committee of the Palm Beach Resource Development Board today released the results of the Glades-Wide Survey conducted by the Florida State Employment Service in Belle Glade.

The survey revealed that there are over 5,000 workers employed monthly during our supposedly "dead" months of June, July and August and that they earned over one million, two hundred fifty thousand dollars a month on a year round basis. Excluding packing house and harvest workers, the survey shows that employment and earnings do not rise over 10 percent above these figures during the fall, winter and spring vegetable harvest.

Over 200 Glades business establishments participated in the survey which was designed to attract mortgage investment money into the Glades. Mr. Shirley stated that a committee to contact major investment companies will be formed immediately and that every effort will be made to expedite the building of new homes in the rapidly expanding Glades.

He pointed out that with a population of over 30,000 and increasing every year by two or three thousand, the Glades must have new, low down-payment housing or fall behind the fabulous expansion that South Florida is experiencing. "Our continued prosperity," he said, "depends upon continued growth and we need new homes to insure that growth."

Mr. and Mrs. Charles Sears and son, Bruce, spent the Easter holidays with their parents in Canal Point and Pahokee. Bruce remained for an extended visit with his grandparents, Mr. and Mrs. Homer Barnes, in Pahokee and Mr. and Mrs. Harlan Sears in Canal Point.

## Pahokee Band In State Band Contest Performance May 2

The Pahokee High School Band will give its performance Thursday, May 2, during the three-day meeting of the southern division of the 17th annual State Band Contest-Festival to be held in West Palm Beach, May 2-4, according to Bandmaster Robert O. Lampi.

The concert phase of the contest will be played by the PHS Band in the Palm Beach High School auditorium at 10 a. m. and immediately following this the sight reading phase will take place in the Palm Beach High School gymnasium.

Concert judges will be Dr. William D. Revell, director of bands, University of Michigan; Joseph Bergin, director of bands, North Milwaukee Schools, and Dale Harris, director of Bands, Pontiac, Mich., High School. The sight reading will be judged by Capt. Thomas F. Darcy, Jr., retired director of U. S. Army Bands, Somerset, Pa.

The PHS Band will march at Cooley Memorial Stadium around 8 o'clock Thursday night. Eleven other South Florida bands will also march that night and when the contest marching is completed they will join in a mass band concert, playing four numbers under the direction of the judges.

Solo performances will be given by Fred Blakey, baritone; horn, and Glenda Faye Russom, piano, and a baton twirling duet by Cindy Friend and Nancy Thomas, these performances to take place in the recreational building of the First Methodist Church, West Palm Beach, Thursday afternoon. Judges for these and other solo and ensembles performances will be Glenn C. Balmun, Northwestern University; Walter Beeler, Illinois College; Newell Long, Indiana University; and Mrs. Jacqueline Portante of Miami, who will serve as baton twirling judge.

## Pahokee Election Scheduled May 7

The regular Pahokee City Election is scheduled for Tuesday, May 7 and little interest has been shown to date in the forthcoming balloting.

Miss Patsy Batchelor, city clerk, will be opposed by I. M. Lair, a long-time resident of Pahokee.

Mrs. L. W. Armstrong's seat on the council in Group 2 will be sought by a former councilman, Hugo Boe, who has already signified his intention of running. Mrs. Armstrong will not seek re-election.

George Tucker, councilman in Group 1, will seek re-election to seat on the council in that group.

Mrs. Paul Sasser and son, James Paul, and her parents, Mr. and Mrs. J. C. Phillips of Wauchula, were called to Panama City the past week by the death of Mrs. Phillips' uncle, W. E. Garrard. While there they were the house guests of Mrs. Sasser's uncle and aunt, Mr. and Mrs. F. M. Baldwin.

### Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The use of county school buildings for polling places for future county elections was suggested this week by the county commission.

The board voted to meet with school officials to request that school holiday be set to coincide with election dates so that schools would be available for polling places.

Commission Chairman Kenneth Foster said because of the growth of the county and its precincts, it is difficult to secure enough privately owned buildings for polling places.

In other actions this week the board:

Set its next regular meeting for April 26 because a quorum will not be present April 29.

Commended the work of a census committee which reported Palm Beach County population at the present time in excess of 187,000 residents. Members of the committee were R. D. Hill and E. F. Reddy, West Palm Beach and Richard Ward, Ft. Lauderdale. The census count will allow an additional circuit court judge for both Palm Beach and Broward County.

Noting the increase in circuit judges, Commissioner Paul Rardin said addition of another judge will take all the court rooms in the court house for circuit court and he again restated his desire to move the county criminal court to the county office building at 810 Datura St.

The board also approved memberships in the Florida Planning and Zoning Council for county zoning officials and heard that the county's zoning regulations will be ready for commission action May 6 with final passage set for May 13. Meantime zoning maps and proposed zoning regulations are available throughout the county for public

study.

The county commission this week instructed its legal staff to draft a proposed resolution which would designate the county sheriff as the official to grant gain time to county prisoners.

During the past week, some question as to what county office should have final authority to grant prisoners time off for good behavior, cropped up in the case of T. Harold Williams, former county solicitor. Williams was sentenced to a year in jail and with gain time, will be eligible for release on Saturday, April 27.

The commission this week approved gain time for Williams on recommendation of Sheriff John Kirk.

As for future cases, the commission plans drafting a resolution which would give the sheriff authority to grant gain time to prisoners. Final draft of the resolution will be subject to approval by both the commission and the sheriff's department.

County Commissioner Lake Lytal has been named chairman of a committee for dedication of the new county children's home, scheduled for completion in about 60 days.

Lytal was given the assignment by Chairman Kenneth Foster, who asked that preliminary arrangements for the ceremony be started in the near future.

Plans for proposed construction of a pipeline to carry jet fuel from the Port of Palm Beach to the new Pratt Whitney plant were heard this week by the county commission.

County Engineer Steve Middleton said the project is to be undertaken by the port and that the line will run adjacent to the site of the county's new jet airport and will be

available for county use.

The board, on recommendation of Middleton, voted to loan the county's right of way department to the port board to help clear the route of the line.

In a report on county projects Middleton told the commission that architects are now drafting plans and specifications for a new county office building in the Glades.

That plans for an additional story and interior work for the county office building in West Palm Beach are now being drawn by architects.

That work on the new county children's home is about one-third completed.

That bids for rebuilding Royal Park Bridge will be received by the State Road Department in mid-May.

Mr. and Mrs. Luther Todd and daughter of Glennville, Ga., visited Rev and Mrs. Charles D. Stewart last Thursday. The Todds were on their way to an insurance convention in Hollywood, Fla.

Miss Sue Chastain, student at Rosarian Academy in West Palm Beach, spent the Easter week end with her parents, Mr. and Mrs. O. H. Chastain in Canal Point.

### Cinematic Chatter

By Malcolm Millar

Hello everybody! If Doe Avedon were asked what advice she would give to an aspiring screen actress, she might very well reply, "Start at the bottom and stay there." That, at any rate, has been the precise course that Doe's movie career has followed. Doe Avedon made her debut in the role of airline hostess in "The High and the Mighty," and appeared in every scene in the picture. In her second role, she starred as Lillian Harris Romberg in "Deep In My Heart." Doe was born in Old Westbury, Long Island, but spent most of her early years in England, where her father, a native Londoner (her mother was a Scotswoman from Aberdeen), was steward and agent for a large British estate. Doe attended school at Melton Mowbray, in England, and returned to the states at the age of twelve. She graduated from Queens high school, and then went to work as a bookkeeper. But she did not remain a bookkeeper long. David Selznick signed her to a contract at a nominal salary and for the next two years put her through

rigid training in the hands of some of Broadway's best dramatic teachers. See you at the movies—Mal.

### Out Of Town Folks At Funeral

Among those from out of town who attended funeral services for Mrs. Luvilla Unwin Tuesday morning were Mr. and Mrs. H. J. Mobley, Mrs. J. D. ### Democracy or Republic?

This mornin' I had a letter from my youngest brother's little girl, Susan. In her letter she asked me if the United States is a Democracy or a Republic. I've done a lot of listenin' and readin' in my time and from where I'm sittin' it don't make a parcel of difference what you call something. What really counts is what it is. It seems to me both words stand for a free country where people have liberty and are protected by the laws. You know, some countries have laws that cut out liberty and abuse the people. I guess we have to pay a price for freedom. You may recall we had a law for awhile

that prohibited people from makin' up their own mind about drinkin' or not drinkin'. That law was repealed and a lot of hypocrisy left with it.

I thought for quite a spell about what to write Susie. She can't understand the real meaning of some words yet, but someday she will. Finally I wrote out part of the pledge to the Flag and mailed it to Susie. You know it starts—"I pledge allegiance to the flag of the United States of America and to the... That's just what I sent her.

## Pick your savings target and shoot straight for it!

**A** home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you *before* you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. *That means a return of up to 80% more than you originally paid.*

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

## Sugar Company Has Good Year

CLEWISTON—Almost a million tons of sugar cane were ground this year by the U. S. Sugar Corporation and at least two production records were broken, according to executive vice president and general manager Harry T. Vaughn.

A total of 941,841 tons of cane were ground during the season which began last November and ended a week ago. The cane yielded 102,319 tons of raw, commercial sugar.

Vaughn expressed pride in the production figures, especially in view of the fact that the company was forced by government regulations into a 13 per cent reduction in acreage for the 1956-57 season. Despite the acreage slash, only 22,000 fewer tons of cane were produced.

The average yield of 44 and one half tons of cane per acre set a record for the corporation. Another record broken was the 11.04 per cent of sugar per ton of cane which was realized.

The annual Harvest End Festival was celebrated by the corporation last week with a barbecue at

the Sugar House and a dance. Emblems representing hundreds of years of service were awarded employees and production prizes were distributed.

## Chiropractors Seek Law Aid

CLEARWATER—Dr. Raymond Schneider, president of the Florida Chiropractic Association, announced that legislation has been introduced into both the U. S. Senate and the House of Representatives to authorize and direct the Department of Medicine and Surgery of the Veterans Administration to include chiropractic services.

The bills, which are identical, were introduced by Senator Warren Magnuson of Washington and in the House by Congresswoman

Edith N. Rogers, Massachusetts, at the request of the Veterans of Foreign Wars.

## Molasses Tastes Good to Cattle . . . Here Is One Easy Way to Add It to Feed

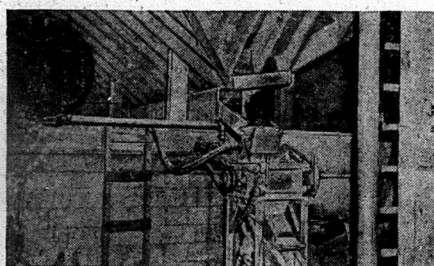

By IRA MILLER  
Farm Electrification Bureau

Molasses as a feed supplement for beef cattle seems to be an accepted practice in several areas of the country. The idea may have originated in the south, but now is spreading to other areas.

To see how molasses is added to feed, we visited a farm in Maryland

(hidden) shown at the right of the spot.

In operation, barley is brought in from the field and elevated into the whole grain bin. The barley drops into the trough to be augered to the crimping. After crimping, the barley is blown into the ground feed bin and, later, chuted down again into the trough to be augered into the

where a homemade setup is used to perform this sticky job the easy way. A partial view of the processing equipment used is illustrated with this report.

This farmer, first, constructed separate overhead whole grain and ground feed bins. Bottoms of the two bins form a double, individually controlled hopper which empties into an auger-equipped wooden trough. The near end of the trough has a spout which can be moved from side to side. This permits whole grain to be directed into the crimping on the floor of the barn, or crimped grain to flow into the mixer (partly

mixer. Molasses is pumped from the tank (extreme left) into the mixer. Bin gates are manually controlled.

The setup requires a vertical elevator to move whole grain to the overhead bin, and two augers—one to transport whole grain from the top of the vertical elevator into the bin, and another to move the whole and crimped grain along the hopper trough. Each is connected to separate horsepower motors. The blower operates off the crimping. In addition there is a 5 horsepower motor on the crimping and a 15 horsepower motor on the mixer. The crimping motor also operates the molasses pump.

## Carillon Tower Now Marks Site Foster Memorial

WHITE SPRINGS—The 200-foot carillon tower now under construction at the Stephen Foster Memorial on the Suwannee River here will be completed and opened to the public early in the summer, probably before July 1, Earl W. Brown, DeLand, chairman of the Stephen Foster Memorial Commission, announced here.

Formal dedication of the Colonial brick, marble and cast stone tower will await installation of the world's largest set of tubular bells which now are being cast in Chicago and will be completed late in 1957. In the meantime, Brown said, a high fidelity set of electronic bells and chimes will be used to play Foster melodies in the tower.

The tower and bell installation, costing well over a half million dollars, represents an important step in development of the state-sponsored Foster Memorial as a mecca for the nation's music lovers. The Memorial already is the most-visited, non-commercial attraction in the Southeast and is drawing the largest crowds in its six-year history.

Attendance in the past fiscal year was 22 per cent above the previous 12 months, and more than a million and a half people have visited the 243-acre state park and Foster Museum since opening day in October 1950, according to Park Superintendent Foster L. Barnes. Many of the visitors are from Florida and Georgia, but there is also heavy registration from the Midwest and East with every state in the Union represented in many months.

"The Memorial offers something for every member of the family and we have scores of picnic groups on the grounds each week, in addition to the constant flow of visitors to the Museum," Barnes pointed out.

When the Memorial was opened in 1950 two buildings were on the grounds—the ante-bellum style \$250,000 Foster Museum, with its dioramas and other interesting exhibits of Foster's era, and a gatehouse at the south entrance of the park.

Added within the past two years have been the imposing bell tower, the north gatehouse on U. S. Highway 41, a picnic pavilion and snack bar, motorized Conestoga wagons which tour park trails, a 30-pass-

enger replica of a paddlewheel river boat which offers rides on the Suwannee in season, and a shady, outdoor stage on which the Florida Folk Festival is held each May.

The latter event has been scheduled this spring for May 3-4-5. With the carillon tower project well on its way to completion, the Foster Memorial Commission—a five-member agency appointed by the Governor—is looking forward to another major step in the Memorial's development. Tentative plans have been drawn, and a model built, of a 4,500-seat amphitheatre on the banks of the Suwannee with a companion music hall, and a heroic statue of Stephen Foster which would be the centerpiece for a composers' hall of fame, honoring great American songwriters.

"The striking statue of Foster, surrounded by figures in the hall of fame, would help make the Memorial a mecca for music lovers everywhere," said Commission Chairman Brown.

He added that the Commission looks forward to the time when the Memorial, now partially supported by state funds, will be entirely self-supporting. "This should come about," he said, "when the master plan is completed."

"The tower, with its concert, is expected to be an outstanding lure to Florida residents and visitors alike. It is the highest structure of its kind in the northern half of the state and was built partly by public subscription from Foster admirers all over the nation."

## Big Summer Is Expected

ORLANDO—Florida attractions such as Silver Springs, Cypress Gardens, Marine Studios, the Seaquarium, Weeki Wachee Spring and others are all preparing for the biggest summer business in their history.

Thanks to the fine advertising program of the Florida Development Commission, airline, bus and railroad companies Florida will be in the limelight for heavy summer travel and indications are that all travel records for summer will be broken this year.

The Tampa Motor Club and American Automobile Association report inquiries about Florida are swamping their offices.

Mr. and Mrs. Dick Haley of Gainesville visited her mother, Mrs. Leona Rainier, and family in Pahokee over the weekend.

## Closed Season On Mullet Voted

TALLAHASSEE—A Senate committee has voted to abolish the long-standing closed seasons on mullet.

Past sessions have seen the bitterest of fights over closed seasons on this salt water fish, but there wasn't even an argument over it this time.

The bill is backed by the University of Miami Marine Labora-

Scriptural readings in the Lesson-Sermon entitled "Probation After Death" will include the following from Isaiah (9:2): "The people that walked in darkness have seen a great light: they that dwell in the land of the shadow of death, upon them hath the light shined."

The following selection will be among those read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (23:1): "Every day makes its demands upon us for higher proofs rather than professions of Christian power. These proofs consist solely in the destruction of sin, sickness, and death by the power of Spirit, as Jesus destroyed them. This is an element of progress, and progress is the law of God, whose law demands of us only what we can certainly fulfill."

### Reception Held For New Pastor

A reception was held at the Community Building in Canal Point last Friday night for the new Baptist pastor, Rev. Charles D. Stewart and Mrs. Stewart and her mother.

Mrs. J. S. Chastain, president of the Women's Missionary Society, was in charge of arrangements. She was ably assisted by members of her group in arranging decorations and dainty refreshments for the evening, with Mrs. Hazel Chastain taking care of the flower arrangements.

Attendance was excellent. More than 100 were in attendance including members of the church and members of other churches in the community. Visitors were present from Belle Glade, Pahokee and Canal Point. Pastors in attendance were: Rev. Malcolm of Belle Glade, Rev. Greer of Belle Glade, Rev. Boyd of Pahokee and Rev. A. L. Sparks of Canal Point.

### BETTER AIR SERVICE

FT. LAUDERDALE—Improved air transportation between east and west coast Florida cities has been announced by Col. Joseph C. Mackey, president of Mackey Airlines. Two flights daily have been scheduled between Ft. Lauderdale, Tampa, St. Petersburg and Clearwater.

Cross-state flying time is slightly over one hour. With the new flights Mackey pointed out that it will be possible for air travelers to make excellent connections at Tampa for flights to Canada, Chicago, New York, California and other sections of the country.

*Uncle Sam made the bonds you own  
an even better bargain!*

# Now your maturing Series E Bonds can earn interest 10 more years at 3%

**PRESENT TREASURY REGULATIONS** make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now?—Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure; it's automatic. And you will be helping yourself and your country!

**If you want to be paid  
your interest as current income—  
invest in 3% Series H**

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$50,000.

line and new sanitation facilities for Pahokee Harbor. These plans, subject to approval by the Board of Health, will be studied by the Council and acted on at the next meeting.

Streets Superintendent Marvin Cowart was authorized to purchase 400 feet of 10-inch concrete culvert pipe for the improvement of drainage in the Rardin Avenue area of colored town.

It was reported that the benches which have been cluttering the sidewalk at the East Main entrance of the Army Surplus Store have been removed and those who have been using these benches are asked to use the sats that have been installed in the patio of the Civic Building for rest and recreation.

A contract between the City and Leland Keene for the operation of the swimming pool in the City Park through the current season was approved at the meeting and City Attorney Ralph Johnson was authorized to execute it.

Letters were received from the Pahokee Parent-Teacher Association and the Woman's Club asking the Council to discontinue the use of S. E. First St. as a truck route since this street passes in front of the elementary school grounds. After a motion by Councilmen John Hatton to comply with this request died from lack of support, Councilmen George Tucker, Jr., and Edgar Wilder were named on a special committee to confer with officials of these two organizations for the purpose of explaining why the Council believes this to be the best and least dangerous truck route through the downtown section of the city at the present time.

Mr. and Mrs. Elbert Hignite and family of Tampa, accompanied by her brother, Virgil, of Pontiac, Mich., visited Mr. Hignite's parents, Mr. and Mrs. Thomas Hignite, in Pahokee over the weekend.

Lt. Clarence Langford Air Force Base, Va., accompanied by Harry Harrington, visited his mother, Mrs. Evie Keen, in Canal Point the past week while in this area, making the trip from Langley AFB to the Palm Beach Air Force Base by jet plane.

## BPW Group Hears Brokerage Talk

Mrs. Mary Paul, account executive for a stock brokerage firm, was guest speaker at a dinner meeting of the Pahokee Business and Professional Woman's Club at the home of Mrs. Mildred Laverder, with Mrs. Dorothy Simmons and Miss Jane Plumer, co-hostesses. Following the showing of a film, Mrs. Paul answered questions relating to the purchase of stocks and bonds by persons of average income.

Plans were made for the club's annual installation banquet to be held at the 441 Steak House the night of May 21. The District Eight meeting for the installation of new officers at Seabreeze Hotel, Palm Beach, April 28, was announced.
